COMBIMET 19"

Boitiers pour rack universels conformes aux normes DIN 41494 et IEC 60297-3

- Boitiers pour rack 19" polyvalents, formats 1U à 6U
- Design très moderne incorporant des poignées de plaque avant ergonomiques
- Versions de 24 "(610 mm) très profondes pour les racks de serveur informatique
- Version T avec partie supérieure ouverte
- Robuste corps de boitier en aluminium avec plaques supérieure, inférieure et arrière amovibles
- Plaques supérieure et inférieure avec ou sans aération
- Plaque avant 19" en aluminium anodisé
- Trous de fixation dans la plaque inférieure pour cartes de circuits imprimés et châssis
- Des goujons M4 de mise à la terre sur tous les composants assurent la continuité électrique
- Deux coloris standard : noir ou gris clair
- Boitiers fournis entièrement assemblés

Commandez votre version entièrement personnalisée. **En savoir plus >>**
